Freightmate admits using Flexport docs as AI trade secrets case settles · 10/10 High

The Loadstar · 09 Oct 2026 05:16 MST

Freight-tech start-up Freightmate has acknowledged acquiring and using confidential Flexport shipping documents, as a settlement brings to an end a closely watched trade secrets dispute that has raised questions about the ownership of data used to develop AI-powered logistics software. The settlement, approved by a California federal court yesterday, follows a ruling that Freightmate

and its founders failed to preserve electronic evidence relevant to the case, prejudicing Flexport's ability

AI could cut eight hours off air cargo collections, says handling chief · 8/10 High

The Loadstar · 09 Oct 2026 04:55 MST

Artificial intelligence could save around eight hours per air cargo shipment, by allowing truck dispatch and collection planning to begin before the traditional release-order trigger. At Aviation Connect in Athens last week, CHI Cargo Group CEO Kai Domscheit said the air cargo industry was generating vast quantities of operational data, much of which remained trapped in emails, PDFs, scans, spreadsheets, and other unstructured formats. "The future of air cargo is not going ... The post AI could

Tradelanes: Intra-Asia freight rates ease after post-Covid high · 8/10 High

The Loadstar · 09 Oct 2026 03:49 MST

Intra-Asia container freight rates have marginally eased after hitting a post-Covid high prior to China's Golden Week holiday, with elevated fuel costs, geopolitical disruptions, and operational constraints continuing to support the market. The Drewry Intra-Asia Container Index (IACI) Composite Index declined 1% this week, to \$1,503 per 40ft, ending six consecutive weeks of increases. However, the index was up 209% year on year, and also remained largely unchanged during Golden Week, compared ..

A Virtual Compliance Department for Every Fleet · 7/10 Medium

FreightWaves · 09 Oct 2026 06:11 MST

Dotra Compliance, an AI-driven platform built to serve as a carrier's "virtual compliance department," is helping small and midsize carriers close the gap between regulatory volume and in-house resources. Co-founder David Vincent explains why, after a Supreme Court ruling reshaped broker liability, a clean compliance record has become as important to winning freight as avoiding fines.
