Evos raises $9M to build AI operators for industrial businesses · 9/10 High

FreightWaves · 16 Oct 2026 12:55 MST

Evos raised $9 million in pre-seed funding to develop AI operators that learn employees' workflows and perform tasks within existing business software. One freight brokerage has used the technology to make nearly 3,500 invoice-auditing decisions in two months, according to the startup.
