1 million boxes set new Los Angeles port record · 8/10 High

FreightWaves · 12 Oct 2026 08:44 MST

The Port of Los Angeles handled record container volumes in September, marking the busiest month in its 118-year history The post 1 million boxes set new Los Angeles port record appeared first on FreightWaves .

Why a customer might call: the score weights technology novelty, capital or operating-model stakes, and fit with AI execution, 3PL data, automation, or network design.

Samsung steps up airfreight ambitions with Woojung Air takeover · 8/10 High

The Loadstar · 12 Oct 2026 05:33 MST

Samsung SDS is expanding its airfreight business with a takeover of South Korean consolidator Woojung Air, according to local media, adding airline capacity procurement expertise and a wholesale customer base that includes more than 1,200 freight forwarders. The deal would strengthen the Samsung group’s position as a logistics supplier to other cargo owners. Samsung SDS already sells forwarding services through its digital forwarding Cello Square platform, while Woojung’s reported customers incl

China wants more – and bigger – car-carriers to meet export demand · 7/10 Medium

The Loadstar · 12 Oct 2026 05:18 MST

China’s shipowners and carmakers are making a concerted push to grow their car-carrier fleets as exports increase. Cosco Shipping Specialized Carriers, carmaker BYD, and SAIC Anji Logistics plan to jointly invest around $2.5bn to build 21 11,000 ceu car-carriers in compatriot shipyards. Cosco Shipping is ordering up to 11 of the vessels, BYD is planning eight, and SAIC Anji, two. Xiamen Shipbuilding and Guangzhou Shipyard International (GSI) are reportedly Cosco’s choice to build ...

The Hidden Business Risk Inside Fleet Compliance · 6/10 Medium

FreightWaves · 12 Oct 2026 07:17 MST

As fleets scale across jurisdictions, vehicle compliance is ultimately about whether assets are legally available to operate, not whether the paperwork gets filed correctly. J. J. Keller’s Stephanie Schmidt explains why executives should treat compliance capacity as a resource-allocation decision. The post The Hidden Business Risk Inside Fleet Compliance appeared first on FreightWaves .

Shippers stressing over risks from Suez Canal and Red Sea transits · 6/10 Medium

The Loadstar · 12 Oct 2026 05:50 MST

The return of Asia-Europe container shipping services to routing via the Red Sea and Suez Canal continues, despite the deteriorating security situation due to the escalating Houthi-Saudi conflict. While commercial shipping’s close proximity to an active war zone may raise eyebrows, the signs are that most carriers will take the opportunity to traverse Suez while they can. Even an attack on CU Lines’ 2,400 teu CUL Klang last week was not enough ... The post Shippers stressing over risks fro

No end in sight of the misery for US trucking: ‘It’s a broken model’ · 6/10 Medium

The Loadstar · 12 Oct 2026 04:29 MST

The US trucking market limped through a dismal summer, and the misery is expected to continue into next year. Rates have risen, but this was the result of diminishing capacity, not of a healthy market, and despite tepid demand, tender rejections are soaring, which has prompted warnings of a structural crisis for the industry. Not everybody sees a sector in crisis, though. At first glance, the industry is recovering. US Bank’s latest Freight ... The post No end in sight of the misery for US truck

DP World joins in as Africa’s logistics hot-spots attract the big players · 5/10 Watch

The Loadstar · 12 Oct 2026 05:58 MST

DP World is upping its Africa game, and it is not alone, with several terminal operators either having added or announced the addition of capacity into the continent amid surging volumes – the west coast proving “particularly hot” at the moment. Investing $90m into Angola’s port of Luanda should be indicative of DP World’s confidence in the gateway; CEO of its Africa operations, Mohammed Akoojee, told The Loadstar there was a ...
